VERSE 1

G
If I sing a new song
It had better be one worth singing
Not just for a quick buck
God knows that these verses don't bring it
Em **D**
You cried for justice while I hummed a tune
Em **D**
You call the righteous now I'm asking You
C **D**
Tell me, how many songs does it take to save
the world?

VERSE 1b

If I sing a new song
It had better be one I'm living
Not just Sunday morning
A cup of coffee, high notes, and giving
You want us faithful we bargain for power
You want the whole thing I offered an hour
Tell me, how many songs does it take to save
the world?

CHORUS

C **G** **D**
'Cause if there's one song I'm gonna sing it
Am **Em**
Don't care bout hit songs
G/B **C**
Preach to the choir:
G
Wake up, you giant!
D
Quit lullabying
G/B **C** **D**
Tell me, how many songs does it take to
G
save the world?

VERSE 2

If I sing a new song
It had better ring out with justice
Not just for its own sake
With tired lines and old borrowed phrases
Yours is the kingdom, don't need market share
You'd kick over tables
In this house of prayer
Tell me, how many songs does it take to save the
world?

BRIDGE

G
One. God is with you and his song is
Em
Love. More than strong enough to rescue
C
Come. He's delighted so be silent
D
And you'll see that he's been singing..
